

 **FRANCE
KYUDO**

**FRANCE
OPEN
DARE ENTEKI !**

2022

**JULY 2nd & 3rd
Tournan-en-Brie (77)**

is pleased to welcome you to the Enteki France Open !

The idea of an **Enteki France Open** raised up during our August 2021 summer University while we were thinking about means to develop kyudo in France with events. Very quickly we saw the interest of creating a festive competition, bringing together Europe and beyond, and offering the possibility of discovering another facet of kyudo very little developed in France : the enteki long range shooting.

This event decided on purpose at the end of the season will gather a maximum of members in a great outdoor sport festival dedicated to Kyudo combining training, ceremonial shooting, and competitions by teams or individually.

I deeply thank Tournan-en-Brie Town Hall and the French Judo Federation and Associated Disciplines for their precious financial support which allowed this event to take place. I also thank the Île-de-France Kyudo Territorial Commission for the logistic organization.

Régine Graduel
France Kyudo President

I wished to develop the enteki kyudo practice in France for what it brings as a complementary to the 28m shooting. As a result, the Île-de-France Enteki Cup has been held every year in Tournan-en-Brie since 2006, and the enteki practice is progressively developing in other territories.

Technically, enteki allows the practitioner to consolidate the fundamentals of posture and shooting in conditions that force him to question his routine at 28m shooting. Socially, the outdoor setting encourages a conviviality closer to our western and french culture.

The **Enteki France Open** model has been inspired by a national competition I witnessed in Tokyo, which I thought it would be interesting to propose to the France Kyudo to promote and develop interest in kyudo.

**A festive sport event
A european dimension**

ENTEKI FRANCE OPEN 2022

More Informations

France Enteki brief

Source of inspiration

It is a national competition organised by the ANKF at the Meiji-jingu Chuo-dojo in Tokyo in October 2005 which is at the origin of the idea of this France Open format. We do not pretend to reach this high level of performance in the organisation, but we hope that this original format will tempt many practitioners, for the technical challenges it contains, and the convivial dimension to which the organisers are very attached.

The enteki site in Tournan-en-Brie

The enteki field is provided by the Tournan-en-Brie Town Hall and shared with the Marsange Archers association who also provide their facilities. For this France Open, the shooters will be sheltered from the weather by a large marquee 10 meters wide by 15 meters long.

Our goal

To promote kyudo, by making kyudo known in competition under its different aspects, combining the rigorousness of formalized shooting with an open meeting conviviality.

Site access

Tournan-en-Brie city stadium - Rpt C. Santarelli Rte de Fontenay - 77220

Floor units for 9 shooters in a row

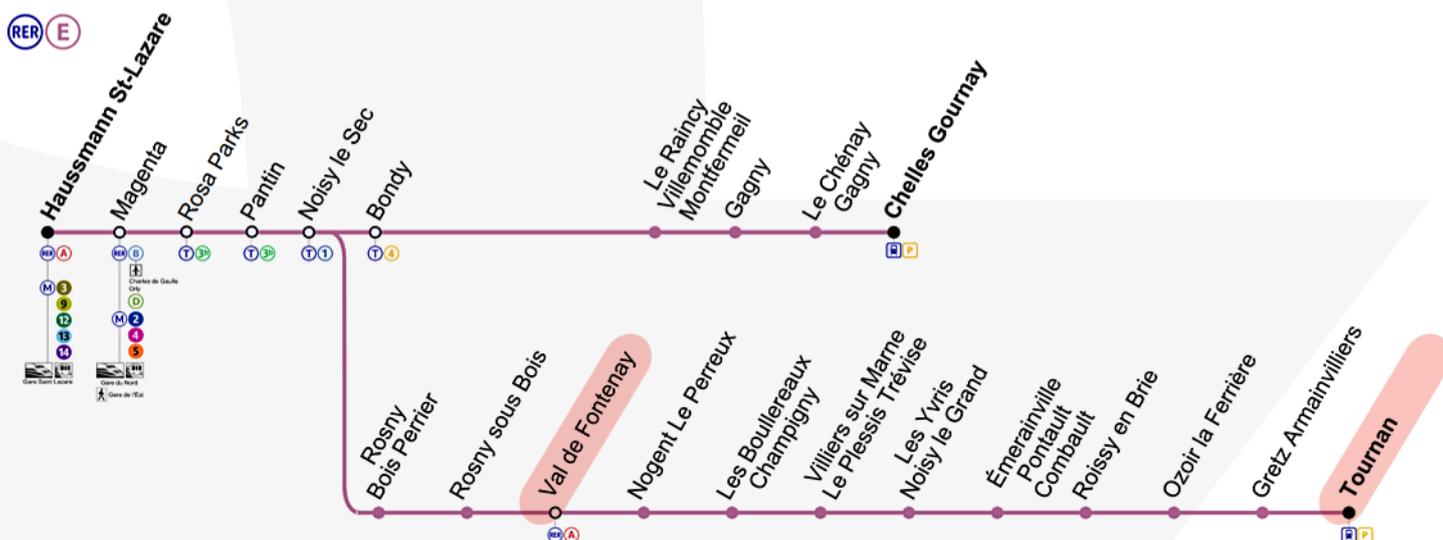

3 targets at 60m

From Gare St Lazare or Gare du Nord : RER E, 50 mn (Magenta). A train every 30 minutes. Double check the train destination is Tournan.

Meals

Lunch

Participants bring their own packed lunch to eat on site.

Festive Saturday party

In order to celebrate and terminate the day on Saturday and to reinforce the friendship bonds that link us, all participants will be invited to an aperitif which will be offered. This will be followed by a festive buffet dinner, the participation of which must be established at the time of registration. Party registration is 25 euros.
